**Literacy group pre K:** The aim of these sessions will be to introduce language and literacy concepts to the children and increase their familiarity with these concepts prior to attending school. Having a program closer to the new school term also helps the children keep the 'learning momentum' going. These skills addressed will include: developing phonemic awareness, developing initial sound awareness, introduction to the concept of blending, introducing segmenting of sentences (breaking them down into to their words) and syllables (breaking bigger words into smaller parts) and literacy concepts (parts of a book; page, sentence, letter, sound, word, title, first, last etc.)

**Literacy Group K-2:** Will be focusing on interactive storytelling and reading using books. The group sessions will take an interactive approach involving a range of activities, movement and physical participation. Using the book as the topic the groups aim to encourage development of your child's, phonological awareness skills, word attack skills, ability to identify patterns in texts and word recognition.

Some of the books will include: Going On A Bear Hunt, The Wrong Book, This Is A Ball and There's a Lion in My Cornflakes

**Games Club yr.3-8:** Will focus on the social aspects of winning and losing gracefully. Areas will address the appropriate ways of responding when playing competitively with peers. A combination of game types will be used e.g. board games, physical games.

**Sensory Play:** An opportunity to explore different textures and make a mess! These will be messy sessions so make sure to wear old clothes and bring a towel and a spare set to change into.

**Social Skills:** These groups use children's interests to develop their social skills. They will be provided with opportunities to be creative, to problem solve and to work collaboratively with their peers. This small group format will provide a naturalistic setting for social skills to develop whilst working on common goals and ideas with peers. Themes include Lego, cooking, art/craft and STEM.

**\*Places in each group are limited.**
